Creative Writing Through Visual Thinking

The Bridge of Opportunities

Crossing the Bridge

Think and Discuss

Look at the picture carefully and answer:

1. Why do you think the child is standing still instead of crossing the bridge?
2. What opportunities do you see on the other side?
3. What fears might stop someone from crossing the bridge?
4. Who or what helped build this bridge?
5. If you could place one more opportunity on the other side, what would it be and why?

Build Your Vocabulary

Match the words with their meanings:

Word	Meaning
Opportunity	A chance to do something
Courage	Being brave despite fear
Journey	An adventure or path
Goal	Something you want to achieve
Confidence	Believing in yourself

Now use any **three words** in your own sentences.

Story Starter

Complete the story:

“The bridge looked long and frightening. As I placed my first foot on the wooden plank, I noticed something strange...”

Write **150–250 words** about:

- A challenge the child faces.
- Something unexpected that happens on the bridge.
- An opportunity discovered on the other side.
- A lesson learned by the end.

Perspective Writing

Choose **one**:

A. The Bridge Speaks

Write 5–8 sentences from the bridge’s point of view.

OR

B. The Opportunity Speaks

Write a letter from one opportunity waiting on the other side, encouraging the child to cross.

Reflection Corner

The bridge symbolizes the effort needed to reach our dreams.

Question:

What is one bridge you need to cross in your own life right now? It could be learning a skill, making a new friend, overcoming a fear, or trying something new.

Draw and Label:

Draw your own bridge and write at least **five opportunities** waiting for you on the other side.
